Project Type: New build Refurbishment

Windows and doors installed from 15/06/22 will be subject to revised building regulations. It is the installer's responsibility to ensure that the products are compliant with the regulations for where they will be installed. For more information visit www.quickslide.co.uk/blog/guides/2022-changes-to-building-regulations-for-doors-and-windows/

Laminated glass also required

- 90° Restrictors**

- Midrail** (white/grey only)

Trickle Vents

From the 15/06/2022, the Building Regs state that trickle vents are required on practically all glazing elements. Unless otherwise specified we will include trickle vents in pre-determined locations as standard. On aluminium doors, trickle vents are fitted into a 42mm add-on above the outer door frame. If a certain rate of 'equivalent area' is required, please include instructions.

If trickle vents are not required, please tick below. Please note trickle vents cannot be retro-fitted.

- Trickle Vents not required

Glazing

Glazed options come with Argon Gas and Toughened Glass as standard

- Unglazed
 Double Glazed
